- ♥ Mums in Prayer is a global prayer movement which sees mothers meeting together regularly to pray for their children and their schools.
- ♥ We pray for a variety of issues in schools: for teachers and other staff such as caretakers and governors, school recruitment and budgets.
- ♥ We share our burdens for our children, for their protection, friendships, mental health, exams, bullies, special needs and so much more.
- ♥ We support each other as mums and grow in faith and confidence to persevere in prayer.
